BNBU Campus VPN Service

VPN service provides an off-campus secure connection to the campus network for:

- Remote access to campus online resources;
- Access LRC e-resources;
- Other intranet access systems and applications.

You have to complete below two part to use the service.

Part 1: Install and active the Dkey Token.

1. Download the Dkey Token(宁盾令牌) from App Store(for ios), you can also find it in your Android phone's app store. And install.	
BNBU Campus VPN Service

2. Open the Dkey Token App. Scan the QR Code to activate. (Non BNBU network).	
3. Enter your BNBU account and password. Click Activate.	4. Active successful. **Very Important:** The code is random in every 60s and **will be used for the Second Part ！ ！ ！ ！ ！**
