

Eduroam Configuration Guide for iOS Devices

This guide applies to both iPhone and iPads. The screenshots below were taken on a device running iOS 11.2.5.

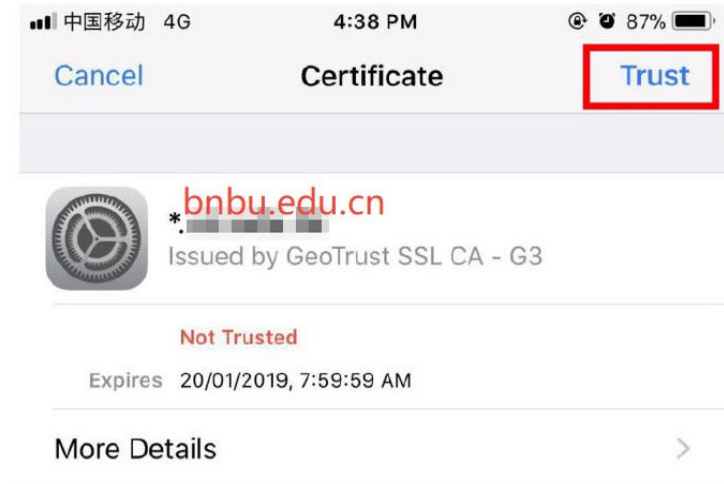

1. Go to the Settings and tap WLAN. Turn on the WLAN and tap eduroam.

2. Enter your bnbu account append @bnb.edu.cn after your bnbu username (see as below) and then tap Join.

3. Tap **Trust**.

4. If the connection is successful a tick should appear to the left of **eduroam**:
