

Eduroam Configuration Guide for MacOS Devices

This guide applies to Macbook/iMac/Macbook Pro. The screenshots below were taken on a device running macOS High Sierra 10.13.2.

1. Click the Wi-Fi icon in the top menu bar and select **eduroam** from the list.

2. Enter your **bnbu** account append **@bnbu.edu.cn** after your **bnbu** username (see as below) and then click Join.

3. Click **Continue**.

4. Enter the password of your local computer account or use Touch ID to update the settings..

5. If the connection is successful a tick should appear to the left of eduroam.
